

Canadian Educational Opportunities
Corporation

Our Vision, Mission and Values

Vision:

To develop a strong and dynamic education support system valued by all Canadians and the international community to enable students to achieve their full potential in Canada.

Mission:

To support, promote, connect and deliver advanced education and training exchange programs in Canada through collaboration with institutions and communities locally and internationally.

Core Values:

We believe in excellence, integrity, respect, inclusion, collaboration, partnership, bridging and shared innovation to help in expanding access to educational opportunities for all students that we serve.

Who we are

Canadian Educational Opportunities Corporation (CEOC) is an international education services company based in Toronto, Canada. Its aim is to promote Canadian education across the globe by providing international students with support and guidance in making appropriate career choices. CEOC was started by Dr. Stephen Ross, Dr. Xi-Ping Huang and Ms. Shirin Mandani to bridge educational gaps of students and has partnered with many high schools and colleges in Canada.

What we do

CEOC offers educational programs, enrollment and settlement support to overseas international students primarily from India, Mexico, China and the Middle-East. The CEOC team understands the challenges faced by newcomers and international students with cultural differences, language barriers and often faced with an unfamiliar application and settlement process. CEOC works closely with international recruiters who speak their native language, understand their culture and have the professional expertise to assist students in choosing the best options and enabling them to meet their educational and career goals.

We organize educational and exchange programs for leaders which can enable knowledge transfer and building of partnerships.

Our Guiding Principles:

Collaboration:

To build meaningful partnerships with individuals as well as businesses, educational institutions, government and community stakeholders, so that together we can provide quality education and impact lives;

Student Focused Program:

To ensure students get access and opportunities to develop, relevant knowledge, skills, practices and are empowered to attain an excellent career and a high quality of life;

Knowledge Exchange:

To connect and deliver curriculum, methodologies and research with stakeholders in education, business and the community by sharing knowledge across international boundaries and bringing best practices of educational and skills development of students.

Services:

International Student Recruitment:

CEOC is associated with many public and private high schools and colleges to assist students in getting admission in the program of their choice. We provide support at each stage of admission with detailed information on schools, programs, prerequisites, costs and application deadlines thus matching individual students to specific institutions of their interest.

English as Second Language (ESL):

ESL students receive credits towards their Ontario Secondary School Diploma (OSSD) upon successful completion of ESL with CEOC.

Levels of instruction include:

- Low Beginners/High Beginners (ESLAO)
- Low Intermediate (ESLBO)
- High Intermediate (ESLCO)
- Low Advance (ESLDO)
- High Advanced (ESLEO).

Professional Development:

CEOC Professional development programs provide educators to visit schools and colleges and spend time to do job shadowing. Exchange trips help Canadian as well as international teachers to gain a global perspective and become aware of diverse cultures and educational methodologies.

Vocational Training:

Our vocational certificate and diploma programs in trade, business, information technology and health care fields are in partnership with colleges in campuses located at Toronto, Mississauga, Scarborough, and Kitchener. We are committed to your academic and personal success and are pleased to offer students the support they require when working through concerns that may impact their success at the College.

Educational Tours:

CEOC facilitates Educational Tour for interested Heads of Schools and Colleges, Owners, Promoters and Principals of educational institutions from across the globe that will provide a platform for forging partnerships with Canadian educational institutions that will lead to better career options for their students.

Career Counselling and Guidance:

With decades of experience, CEOC provides individualized guidance on the right choice of career to both students and the parents. We ensure that you have all the information related to admissions, the application process and entrance examinations of colleges. Our workshops encourage interaction and increase the level of awareness and confidence through career counseling.

Who are our Partners

CEOC has partnered with a number of reputed high schools, colleges, corporations, community centers and educational institutions in Canada, a few of which are given below:

- *Queens College*
- *Ontario International College*
- *Stanford College*
- *Toronto International College*
- *Brooklyn College*
- *Niagara College*
- *Oxford College*

Directors' Profile

CEOC has a dynamic and versatile team of entrepreneurs and business leaders who share a common vision and have vast experience in their respective fields with a passion to promote students' career choices through forging global partnerships in education thereby reaching out to the larger students' community.

Dr. Xi-Ping Huang, President & Co-founder

Dr. Huang is President of MBD Consulting Canada Inc., a firm specializing in bridging businesses and technologies between Canada and China. Dr. Huang received her PhD in Pharmaceutical Sciences from the University of Toronto and is the author and co-author of numerous scientific papers. Dr. Huang is Head of the North America Division of Feng Mei International Education Consulting Group of Beijing. She is also co-founder and Vice-President of Canada Yunnan Chamber of Commerce which promotes business and culture exchanges between Canada and China.

Shirin Mandani, CEO & Co-founder

Shirin brings over 20 years of educational leadership experience. Having worked as an Executive Director and CEO of various organizations, she has brought organization and resource development for many agencies in Canada and internationally. She has a Master's degree in Public Policy Administration and Law from York University, Master's degree in Educational Leadership from Mumbai University, India and a Post degree Diploma in Not-for-Profit Management from University of Western Ontario. She also received her training in Governance and Leadership from Kellogg Schulich School of Business. Shirin served two terms as Board of Directors for the Aga Khan Education Services, in India, playing an active role in enhancement of primary education programs funded by the European Union.

Dr. Indira Kasala, Director – India Operations

Dr. K. Indira (MA, M.Phil., PhD) has worked for over 30 years in Education. She began her career as a schoolteacher and later taught at college. She has professional qualifications from IGNOU, India and University of Cambridge, UK. Dr. Indira led the pioneering School Improvement Programme of Aga Khan Education Service, India for over a decade. More recently she worked as Director, Consultancy and Projects, CfBT Education Services, an international not-for-profit organization based in UK and handled a wide range of projects with government and non-governmental organizations involving various stakeholders. She worked with ARK (UK), Sarva Shiksha Abhiyaan (flagship program of Govt. Of India), Social Welfare Residential Educational Institutions Society of Andhra Pradesh and Telangana governments, Govt. of Madhya Pradesh, Central Board of Secondary Education, New Delhi, DfID (UK), Govt. of Dubai and World Bank. Dr. Indira has inspected more than 300 schools in India and international schools in Dubai, Abu Dhabi and Northern Emirates including schools with different curricula such as the UAE, Philippine, British, US and Indian curricula.
