

Rhinebeck Republican Committee Chair Bruce Washburn recently received the following email from Lydia Kinney, regarding a suggestion from Audrey - a student that she was tutoring. We are happy that our website was able to assist Audrey in her project, and have gladly taken her suggestion to add a new link to our page!

Mr. Washburn,

I just wanted to send the Rhinebeck Republicans some positive feedback- a student I'm tutoring this year was working on a social studies project (on government and politics) and she ended up on your webpage (This one <http://www.rhinebeckrepublicans.com/events-links.html>)

She thought we should tell someone that we used the 'links of interest' at the bottom there and found some great information for her project -thanks:) Audrey pointed out that we should say thank you, and I told her that if she could find another good page to share with you, then I would send an email... here's what she chose for you:

Three Branches of Government -- <https://politicalmanagementmasters.online.gwu.edu/the-three-branches-of-government/>

It's a great article on the 3 branches of government, and Audrey thought you'd want to add it to the links of interest on that page she found... Would you be able to add it? She would be so thrilled to see that she helped you out, and I'd love to show her at her next session with me next week:) Thanks so much for your time, Bruce and have a wonderful day!!

Sincerely,
Audrey & Ms. Kinney
