BEYOND COMPARE

**Cargo Bed Rack RZR 2015
RZR-900, 900-S, 900-4**

Rack with removable bottom \$399.95

Double the capacity of your 2015 RZR-900 bed with the Hornet RZR Rear Cargo rack. Rack spans the entire width and length of the bed and offers plenty of space in the rack, while allowing for plenty of places to tie things down! Rack comes standard with **Tool Less removable bottom** that can also be used on the top of the rack to hold gear down. Installation and removal is a snap requiring no tools. 4 Twist Lock anchors included.

- All steel welded tubing
- Powder Coated for durability
- Available accessories including auxiliary fuel, chainsaw bracket, drybox
- RZ-915C Open Rack including removable bottom/top fits 2015 RZR-900 Trail, 900-4, 900-S

RZR Roof Rack RZR-900, 1000

\$399.95

Increase the carrying capacity of your 2015 RZR-900 and 2014-15 RZR-1000 with the Hornet MSR-200 roof rack and Light Bar Mount. Spans the full width and length of the roll cage. Plenty of room to tie things down AND another place to carry a spare tire! Rack is secured by front bolts through the existing holes in your roll cage frame AND 2 Stainless roll bar straps. If you already have a roof installed on your RZR, this rack will install on the top of your roof.

- All steel welded and powder coated.
- All hardware provided- simple installation.
- The front and rear of the rack have slotted holes that make it easy to install your LED Light Bar or individual LED's.
- Fits 2014-2015 RZR-1000 All 2 Seat Models
- Fits 2015 RZR-900 All 2 seat models

\$479.95

You won't need to purchase a roof for your RZR with the integrated roof on your Hornet MSR-200 rack. Includes MSR-200 Rack with 1/4" heavy duty textured HDPE bottom machined to fit precisely inside the rack. The integrated roof comes attached to the rack with 9 stainless steel clamps and stainless steel through bolts.

- Fits 2014-2015 RZR-1000 All 2 Seat Models
- Fits 2015 RZR-900 All 2 seat models
- Does not fit 4 seat models

\$19.95

- RZ-3016 Fits all RZR's, Sportsman (2006-2015) and all ACE's.

Did you ever use a product and say to yourself, "If I had made this I would have done this", or "I wonder why the manufacturer made it that way"? Have you ever wondered why nobody made a particular product or accessory? So as they say, if something is worth doing it's worth doing right!

We use our UTV's as both tools and toys. We hunt, fish, ranch and recreate with vigor and we don't like to spend a great deal of time attaching things- we'd much rather spend our time riding. Our approach is very simple: we build products based on input from you – people who use them day in and day out.

What's different about our products?

Engineering Design

Hornet products are designed with functionality, strength, and styling in mind. When new products are developed they're thoroughly field tested to see if they meet the requirements for durability and ease of use.

Fitment information

Printed catalogs come out twice per year but the web site is updated regularly. If you have a question not answered here, you can visit the web site for up to date fitment information or call 303-588-2384.

No Tools Required

From the roofs to the racks and the accessories, nearly all of the Hornet products are tool-less installation. There is NO assembly. You simply take them out of the box, drop them on and tighten them down with the Hornet Twist Lock anchors and Twist Lock T Knobs that are provided with every product.

No Risk

Try our products for 30 days and, if you're not completely satisfied send them back for a full refund-no questions asked.

One More Thing

Some of our products are inspired by our customers so if you have an idea for a product give us a call or send us a note. If we like your idea we'll build one and send it to you for field testing before we run it through our customer evaluation process.
