

## Miss Jennifer's March Newsletter

I cannot believe it is March already! Hopefully we will receive some warmer weather so we can enjoy the playground and outside. Thank you for helping your child create some wonderful Valentine boxes. They had fun showing them off in class!

We will continue the Circus theme until Spring Break. When we return, we will start talking about Spring and its arrival. Dress up will have the housekeeping set up for the children to do that 'Spring Cleaning'. Maybe it will want them to help you at home ;) Games at centers will be about helping the children continue their work on recognizing letters and numbers, as well as colors and shapes. And they all love the toys that enable them to use their creativity. Discussions at the carpet will be about the weather, plants and seeds, and those bugs that will be appearing soon. Ugghh (not my favorite). We will talk about how the weather will be changing to warmer temperatures and what that may bring. The children will plant some seeds so they can see how they grow and change. Lastly, we will transition into the wonderful holiday of Easter. We will start the talk about how Spring brings New Life.

We will be celebrating Lutheran Schools Week the first week of March. Please make sure to check out the days your child comes to see what they should wear. The kids always love these days! Please also check out our Open House, which will be on Tuesday, March 5th from 6-7:30 pm. You can see our room as well as visit the Pre-K rooms for next year. Again, if you ever have any questions or concerns about our classroom or your child, please email or text me. (jgalyas727@outlook.com or 419-356-6016)

Thank you,  
Miss Jennifer
