The Middleburg Future’s Group held a work session on Monday, March 27, 2017 in the National Sporting Library & Museum’s Conference Room, located at 301 W. Washington Street, beginning at 12:20 p.m. The Middleburg Future’s Group was organized and hosted by the Middleburg Business & Professional Association. The Group does, however, contain members who also serve on the Middleburg Town Council and the Middleburg Economic Development Advisory Committee. Because three members of the Town Council were in attendance at the meeting, technically a quorum of the Council existed. Myra Gossens, a facilitator hired by the Middleburg Business & Professional Association, led the group in a discussion regarding the future of Middleburg from a business/economic development perspective. No town government business was conducted during the meeting. The meeting was adjourned at 4:10 p.m.

APPROVED:

Trowbridge M. Littleton, COUNCILMEMBER

ATTEST:

Rhonda S. North, MMC, Town Clerk
