Cydonian Lines of bil Peterse

The purpose of this study is to present the evidence that the city layout of Teheran, Iran is set to the Cydonia, Mars ley-lines. Pertaining to the Cydonia, Mars anomalies, there are 3 main pyramid structures that comprise the Martian Motif. There is the famous Fice of Mars, the giant Pentagon Fortress and the Pleiadian Pyramid City. These 3 structures triangulate each other and would make up the core of a large metropolitan city on Earth. What is astonishing is that such a Martian Motif is seen implemented in the architecture of almost all the ancient civilizations on Earth. This started, at least based on the archeological record after the Flood of Noah with Babylon and Sumer. How the Martian Motif is lied to the ley-lines of ancient cities, temples and structures is that perhaps the lest knowledge and connection of the Martian civilization was conveyed to the few and selected 'priestly' class on Earth that constitutes the Secret Societies, etc. This special class of humans are perhaps tasked at keeping the legacy and lifetine operational as even now in the modern era, the same Cydonia, Mars motif is incorporated into the major capitals of the world of which Teheran, Iran is another one of them. The Martian Motif that is basically encrypted and hidden in plain sight speak to the powers behind the curtain of those that really are the masters of the world.
