

The Fulton County Soil and Water Conservation District presents
***Green Infrastructure and Low Impact Development
Training and Recertification Workshop***

Please join the District and the staff from Southface on **March 22nd** in Sandy Springs as we present the latest trends in Green Infrastructure (GI). This class will help prepare you and your staff for the new GI requirements in the MS4 permits OR train your crews on common sense installation techniques and best practices. Attending this workshop will renew your **GSWCC Level 1A, 1B, or II** certification for erosion control (even if your certification has expired).

Register at www.FultonSWCD.com

Date: March 22, 2019

Time: 9:00am – 4:45pm (please arrive at 8:30am to register and network!)

Location: Sandy Springs Performing Arts Center – [1 Galambos Way, Sandy Springs, GA 30328](http://1GalambosWay,SandySprings,GA30328)

Cost: \$120 (\$140 after March 1) - Lunch and E&S Recertification included

Who Should Attend? City & County Personnel (Planners, Inspectors, Plan Reviewers, Maintenance Crews, etc.), Contractors, Home Builders, Developers, Landscapers, Property Owners, Designers

Learning Objectives:

- How to install common GI practices – construction sequencing and proper erosion control
- Learn to read and interpret plans and specifications for GI – soil mixes, vegetation, underdrains, etc.
- Identify common problems with GI installation and maintenance
- Learn practical approaches to reviewing, installing, inspecting, and maintaining GI
- Learn about the latest MS4 Stormwater and NPDES Construction Permits
