The purpose of the Ranch Riding horse should reflect the versatility, attitude, and movement of a working horse. (b) The horse's performance should simulate a horse riding outside the confines of an arena and that of a working ranch horse. This class should show the horse's ability to work at a forward, working speed while under control by the rider. Light contact should be rewarded and horse does not have to be shown on a full drape of reins. The overall manners and responsiveness of the horse while performing the maneuver requirements, and the horse's quality of movement are the primary considerations.

The required maneuvers will include the walk, jog, and lope both directions; and the extended jog and lope at least one direction; as well as stops, turn to change directions, and back. No silver tack or hoof black allowed.
