

Pumpkin Blast

Do you have what it takes to be a Pumpkin Blaster?

Pumpkin Blast is an annual Pumpkin Launching Competition held each fall at Tate Farms. In the weeks leading up to the Blast, teams design and build devices to launch pumpkins at our targets. On the day of competition, teams will try to outblast one another as they compete for accuracy and distance.

the Main Competition

In our main competition, we invite teams of 4 to design & build a device that can accurately launch a pumpkin to hit a target placed 85 – 135 yards from the firing line. This portion of the Blast is open to Youth (Ages 14-18)*, Collegiate and Adult teams.

the Short Range Division

New this year, our short range competition is a great opportunity for teams of 2 who want to try Pumpkin Blast on a smaller scale. This division features a closer target and is open to competitors age 12 and up*

*For safety, youth teams must have an adult advisor. Short range teams must include either one adult member or an adult advisor.

Pumpkin Blast 2017 is Saturday, September 30th

If you think you have what it takes, Choose an Area to Compete & Assemble Your Team!
Registration is Open March 1st - August 20th
