July 2014

## President's Corner

Whew, it's a *Hot* one this Summer!

The East Building roofers, Advanced Roofing, are hard at work replacing the roof system after having completed the installation of the new A/C stands as you'll see found to the right. They have had their snafus and the recent rains have cost them some time, but we are hopeful and looking forward to it all being completed soon.

We are fortunate to have a prior employee return to the Creciente Management office: you'll find Ms. Justine Rizzolo back taking care of Admin & Bookkeeping duties for us again due to an absence as Ms. Nicci has moved on to another position elsewhere recently. We wish both ladies the absolute best!

In continued efforts to save on expenses the Creciente staff has repurposed existing paint to warm and spiff up the East Garage level entrance and is also working to sand & re-paint three owned, prior wooden tables to match the new ones recently purchased for the Social Room. We think both look great in result! *Best wishes for a safe & enjoyable Summer.*

*Mike McBride*

### Recent Creciente Project Updates

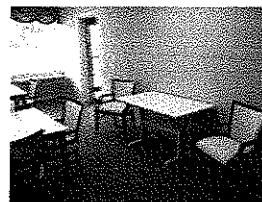

Taking up the old and preparing the insulating foam for laying down.

Hauling off the trash and sending down the chute to the waiting street level roll off.

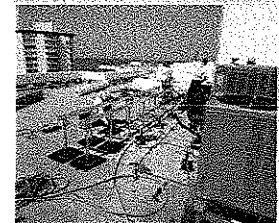

Staff has repainted older tables to match new Social Room Tables & Chairs!

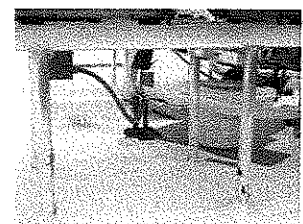

**East Re-roof progress,** beginning demolition of old roof system.

New a/c stands being installed.

In progress, a/c stands with new roof 80 mil TPO membrane.

### Trash Disposal

Please be extra careful in these hot summer months to bag your trash extra well as if it is inordinately full or poorly bagged, it has a tendency to explode on the way down, making the building smell by close proximity to the chutes. Thank you for your efforts to help.

Brightening up the East garage entrance!

**Do you have contact & emergency info. changes we may need to be aware of?**

Please send this form in if you do. It can also be found on your Creciente website: [www.creciente.com](http://www.creciente.com). This is especially helpful to have for single family members, in residence, if you're away. Thank you!
