

ABOUT US

At 7th & Madison Extensions of Empowerment LLC. we pride ourselves in taking a more traditional, compassionate and hands on approach to our families while providing case management services for people with intellectual and developmental disabilities who are eligible for **DDD services**. Support Coordinators are responsible for utilizing a person-centered planning process to identify outcomes, planning goals, and support needs and develop/maintain the **Individualized Service Plan (ISP)**. In addition, the Support Coordinator also helps the person and his/her family find supports and services that best meet his/her needs and preferences. The Support Coordinator also conducts ongoing monitoring of the provision of services included in the Individualized Service Plan.

Our mission is to promote positive outcomes and relationships with our families built on trust, respect, and the success of our clients and their families.

With over 15 years of experience in case management, intellectually disabled population, client support, and healthcare administration our team of caring, compassionate and dedicated Support Coordinators are passionate about what they do. We understand individual attention and quality care is essential.

"Success is to be measured not so much by the position that one has reached in life as by the obstacles which he has overcome while trying to succeed."

WHAT IS SUPPORT COORDINATION?

Access to a Person Centered Team Approach, Support Coordination honors the hopes and dreams of individuals and their families. Support Coordinators facilitate a customized and individualized planning process that enables people and their families to make informed choices.

Support Coordination services ensure participants have access to needed programs and State plan services. Support Coordination is managed by one Support Coordinator for each participant. The Support coordinator is responsible for developing and maintaining the **Individualized Service Plan (ISP)** with the participant, their family and other team members designated by the participant. The Support Coordinator is responsible for the ongoing monitoring of the provision of services included the Individualized Service Plan.

Our agency is located in the financial District of Newark, New Jersey. Currently, our service area includes the following counties within New Jersey: Essex, Bergen, Morris, Hudson, Union, Passaic, and Middlesex.

Our agency has been approved by **the Department of Human Services, Division of Developmental Disabilities (DDD) as a Support Coordination Agency.**

SUPPORT COORDINATION

The New Jersey Division of Developmental Disabilities (DDD), the state agency responsible for providing and funding services for adults with developmental disabilities, is undergoing changes to its service delivery system. These changes are based on a fiscal shift away from a contracted services reimbursement model to a Fee for Service (FFS) model; and an ideological shift away from segregated, institutionally based care to a system that promotes integration through community-based service and support options. Implementation of these changes is expected to occur over the next 12-18 months.

For families who are new to DDD and adult services for people with Intellectual and Developmental Disabilities, we've compiled a list of 5 important things for you to know about the upcoming changes as per the current information shared by DDD:

- 1 The Supports Program will become the primary channel for accessing services**
- 2 Support Coordination will be the key community resource for accessing services**
- 3 The Individualized Service Plan (ISP) will be the primary Support Coordination document**
- 4 DDD will approve and authorize funding and provide oversight**
- 5 Participants will receive an "up to" budget for services based on assessed level of need**

Each Supports Program participant will have a budget based on assessed level of need that is made up of three components: (1) Employment/Day Services, (2) Individual/Family Supports, and (3) Administrative (consisting of Support Coordination, and the use of a Fiscal Intermediary if needed).

AWARDS AND TESTIMONIALS

Our Executive Director and Support Coordinators are committed to the Empowerment and Success of all individuals and families accessing services through the Division of Developmental Disabilities.

Our Executive Director is an esteemed Alumni of Rutgers, the State University of New Jersey. She has volunteered for multiple non-profit organizations throughout New Jersey and has always been committed to improving the lives of others. While receiving the following awards/certificates:

- Newark Municipal Council (City of Newark New Jersey).
- Leadership and Community Engagement from the Urban Issues Institute of Essex County College located in Newark, New Jersey.
