SAFETY ORTS:

Range Safety:

Avoid accidents in the range by keeping the muzzle pointed down range and finger off the trigger until you're on target and ready to shoot. The firing line is the front of the booth. Do not fire from anywhere but the firing line. Everyone is responsible for range safety and anyone can call a cease fire if they observe unsafe behavior. Let's make sure everyone stays safe and has a good time.

Safety refresher class:

Until you attend a safety refresher class, you will NOT be allowed to renew. Because of the safety class requirement, renewals will no longer be accepted by mail. You can come to a regular meeting and attend the new member class afterwards to meet the requirement. After attending the class, you will be allowed to renew your membership.

Safety classes for next year's renewals will begin in June which should give you plenty of time to attend a class before December renewals. There will be several chances to take the class, including times outside of the regular monthly meetings. A safety class is required for each year.
