

Born & raised in Elkhart, Indiana. Obtained a business degree from Ball State University & then moved to Athens Georgia to help run family seating business. While living in Georgia for 10 years I met my wife Tracie & we now have 3 adult kids. We just found out that our daughter Taylor is pregnant with our first grandchild.

The majority of my career was spent at our family business Dygert Seating serving the van, truck, RV & marine OEM,s. We sold our business in 2009 & a short time later went to work for ITC, a lighting supplier in Elkhart. ITC is where I met & formed a good working relationship with Brandon Dekker & Patrick Weiss. I feel my 40 years selling into the RV & marine markets & my familiarity with both Progressive Sales & SM Osgood can bring some synergies to our team.

My personal interest has been waterskiing & golf but have to say I am very much looking forward to a new member of our family in the way of our first grandchild.
