Yes	13
No	11

If you answered Yes to the above question, Please list what additional information could be put on the website that would serve to be supplemental or replace your desire or ability to attend Council meetings, or just knowledge of Silver Sands' activities in general. (Total of 11 Responses)

What I would like to see is an email sent out to everyone as a reminder anytime there is a meeting coming up.

The Agenda for the meeting could be placed on the website

agenda, minutes

I like to view the agenda for upcoming meetings

General information regarding maintenance issues, future projects, anything that may be covered during council meeting that would be of interest to the residence.

more information on what is happening

i would attend if they were in the evening

I would go to more meetings if they were scheduled in the evenings

Post information like you have granted permission to build RV lots at golf course..... he is starting to clear lots, and the last I was informed that this was still under review? Please post the status of said development and where its sits as of April 19th 2017.

Just knowledge of silver sand's activities in general

creation of a email service that informs residents of council activities. Easily supplemented by announcements on billboard to "see website". This board has been very helpful this season.

The meeting should be on weekends so more people can attend
