**Monday, June 27, 2016
6:30 PM - 7:30 PM**

Join us in the library for the next installment of the Horse Health Series. Dr. Mark will discuss the expectant mare. This is a good follow-up to April's discussion on Foaling. The discussion will focus on improving the chances of successful breeding and the factors that impact the expectant mare.

This event is geared to an adult audience.
