

## **Picture Day Information**

- Attendance is MANDATORY
- Each class has a 15-minute photo window. We will take an individual picture and a group picture for each dancer. Parents are NOT permitted in the photo area. Please, arrive at least 15 minutes early to get ready for your picture.
- Dancers should BRING their costume with them on a hanger. Please, do not wear your costumes in the car because they will get too wrinkly. A steamer will be available in the studio hallway all week and on Picture Day for steaming costumes. Please, make sure all costumes are altered and in performance condition when you arrive.
- Hair should be in your recital hairstyle. Nearly all classes will need a low bun, parted over the left eye. You will need a strong rubber band/hair tie, hair pins and bobby pins, and a hairnet to cover the bun. Hair wisps should be secured with hairspray.
- Makeup is optional for dancers 9 and under for pictures, but strongly recommended. A little eyeshadow, mascara, and lipstick go a long way in making your child's face look bright in dance pictures. Dancers 10 and over should wear makeup, particularly eye liner.
- Dancers do not need to wear recital tights, but all dancers who require pink tights or fishnets MUST have on tights. Dancers who need tan tights do not have to have tights on for pictures. Dancers should have on their proper shoes. While we don't require you to purchase a new pair of shoes for recital and pictures, we ask you to make them look as nice as possible. Soft scrub will remove stains from leather ballet, jazz, and tap shoes.
- Many classes have not received their headpieces, socks, accessories, etc. from me yet. I will try to get all altered costumes out first this week, followed by headpieces and accessories. Anything not distributed this week will be distributed at Picture Day.
- Featured below is a database of all tights, shoes, hair, and headpiece information for each class. Use this chart as a reference for Picture Day. It may be updated after pictures or dress rehearsal in response to needed changes.
