Fee Schedule for ART-Related Psychological Services
Effective 03/01/2019

Missed/Cancelled Appointment Policy: When an appointment is scheduled, that time slot is reserved especially for that client. I am rarely able to fill a cancelled appointment slot unless I am notified of the cancellation at least 24 hours in advance. Therefore, since alternative bookings are unlikely with such short notice, I request **at least 24 hours notice** if a client must cancel their appointment.

A fee of **\$50.00** will be billed to the client's referring agency/clinic if a client cancels their appointment with less than 24 hours notice or fails to appear for their appointment. This includes clients who arrive for their appointment **20 or more minutes late** (even if they have contacted me to alert me that they will be late but are unable to arrive within that 20-minute window), due to the fact that I am usually unable to accommodate a client who arrives 20 or more minutes late for their appointment while still being able to adhere to the rest of my day's schedule in a timely, courteous manner.

In order to minimize the occurrence of missed appointments, I will provide an email, text message, or phone/voicemail reminder **TWO business days in advance** for appointments scheduled **MORE THAN FIVE business days before the appointment date** (e.g., if an appointment is scheduled for Monday, January 9 on or before Sunday, January 1). I will provide this reminder directly to the client at the phone number or email address that they provide or their referring agency/clinic provides for them.

I will **not** provide a reminder for an appointment scheduled **FIVE OR FEWER business days before the appointment date** (e.g., if an appointment is scheduled for Monday, January 9 on or after Monday, January 2).
