

FLOOD PROTECT

WIFI HIGH WATER ALARM

It's not a matter of if your sump pump will fail, it is a matter of when! The difference between knowing and not knowing your pump failed is a flooded basement. This easy to use, simple to install high water alarm will send you a text and email message whenever your basement is at risk of flooding so you can fix the problem before costly damage occurs..

Unlike complicated App based alarms or units that charge you a monthly fee, FLOODPROTECT is easy to install and the 24/7 monitoring is absolutely free!

SIMPLE RELIABLE ALERT

INSTALL IN 3 EASY STEPS

WORKS WITH EXISTING WIFI SERVICE

ALERTS EVEN WHEN THE POWER IS OUT

NO MOVING PARTS TO FAIL OR BREAK

LIFETIME WARRANTY
