

Water Line Flushing

Claywood Park Public Service District will begin system wide water line flushing on Monday, June 10, 2019 and continue through Friday June 21, 2019.

WEEK ONE: June10-14

Flushing will begin at 2:00 a.m. on Monday, **June 10th**. Areas affected are as follows. Cedar Grove, WVU-P, Happy Valley, Stewart, Nicolette, Dry Run and Route 47 west to Parkersburg.

June 11-14, Flushing will resume at 8:00 a.m. Areas affected are as follows: Route 47 from Dutch Ridge Road to Newark Road and all connecting roads to Route 47, including Kanawha, Walker, Buckner Bend, Leachtown, Newark area, Camp Barbe and Murphytown.

WEEK TWO: June17-21

Flushing will resume at 8:00 am. Areas affected are as follows. Forest Hills, Red Hill Road, Winding Road, Loomis Ridge area, Dallison, Deerwalk, Riser Ridge and Mountwood Park.

Some customers may experience low water pressure during the flushing period, pressure will return to normal when flushing is complete in that area. Also, the water may possibly become discolored. When this condition exists, customers should avoid using bleach or any washing solution that contains bleach in their laundry. If clothing should become stained, clothes should not be dried. Please contact the district office for assistance at 304-422-6042.
