HAND: Right

DRAW WEIGHT: 44# actual (marked 40#)

AMO LENGTH: 52"

PRICE: \$129.00

SHIPPING & HANDLING: \$19.00

TOTAL COST: \$148.00

DESCRIPTION: This is a structurally sound short hunting bow. Shedua riser. Has stabilizer and quiver inserts. This bow shows a little wear and tear, but it has no delamination; no cracks; limbs are straight. Overlays and tips are in great condition. No drilled holes; No chips, dings or cracks. One short stress line at the top of the sight window on the face of the bow (see pic). A few minor scratches and nicks here and there. Some cosmetic flaws in the varnish. Decal is in very good shape. While this bow is not a show piece, it would make a more than adequate hunting bow.
