Many of you that know me know how much emphasis I place on consistency when selecting breeding stock. If you want to take the guess work out of producing exceptional llamas make sure you don't over look High Point. If conformation is important to you, I'll let Crocket and Milano answer that, they were both National Champions and I would hate to guess how many combined champions they have won. High Point's full siblings include Sapaveco's Rewind & Repeat (was a stud for us), MSF Summit (at stud for Rick and Mary Adams), MSF Touch of Class (sold to Margret Fowler), MSF Pinnacle (at stud for Debbie and Ulin Andrews). High Point himself was the #1 UAP juvenile male in 2019! If you want stretch, style and silky fiber do not overlook him.
