

Cost of Service Study (COS)

More than just a bunch of numbers...

COS is an analysis of the cost to provide water service to different service areas and customer classes.

Cost of Service Study (COS)

We do it because:

- Different service areas have different costs
- We provide different levels of service: full service vs. wholesale
- To ensure we are collecting capital funds in our rates

2016 Cost of Service Study (COS)

- Costs increased
- Consumption also increased
- Costs per 1,000 gallons decreased

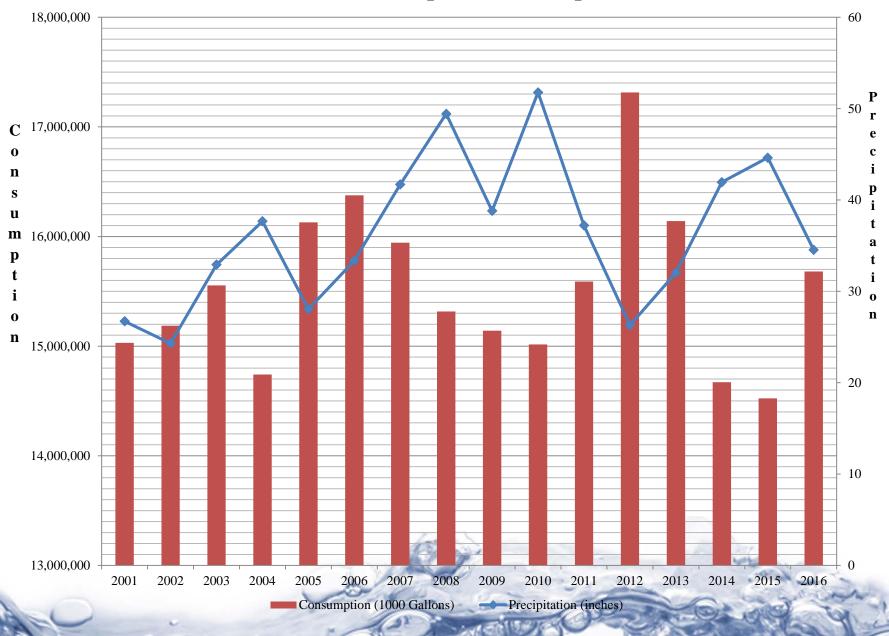

Consumption

- 15.4 billion gallons sold
- Increase of 7.4% over 2015
- Precipitation directly impacts consumption

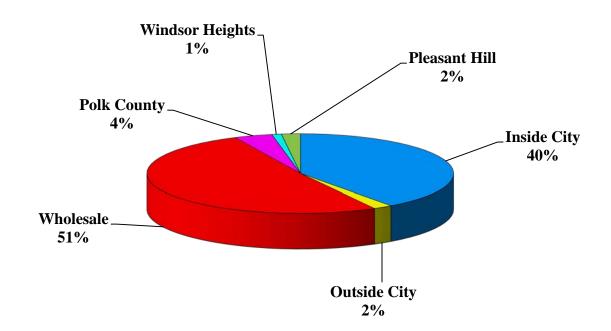

Historical Consumption vs. Precipitation

Consumption – Who?

2016 Consumption

O & M Costs

- Total O & M Costs were 0.22% higher in 2016
 - Water Production costs increased 4.5%
 - Increase in residual hauling \$1M
 - Also of note:
 - NRF costs were \$630k (down from 2015)
 - Legal Fees Nitrate lawsuit \$400K (same as 2015)
 - Pipelines costs increased 4.7%
 - Increase in Main breaks from 205 in 2015 to 223 in 2016

O & M Costs

- Customer Related costs decreased 4.7%
- Administrative costs decreased 6.4%
 - Work comp decreased by \$220K
 - Flooding costs decreased \$367K

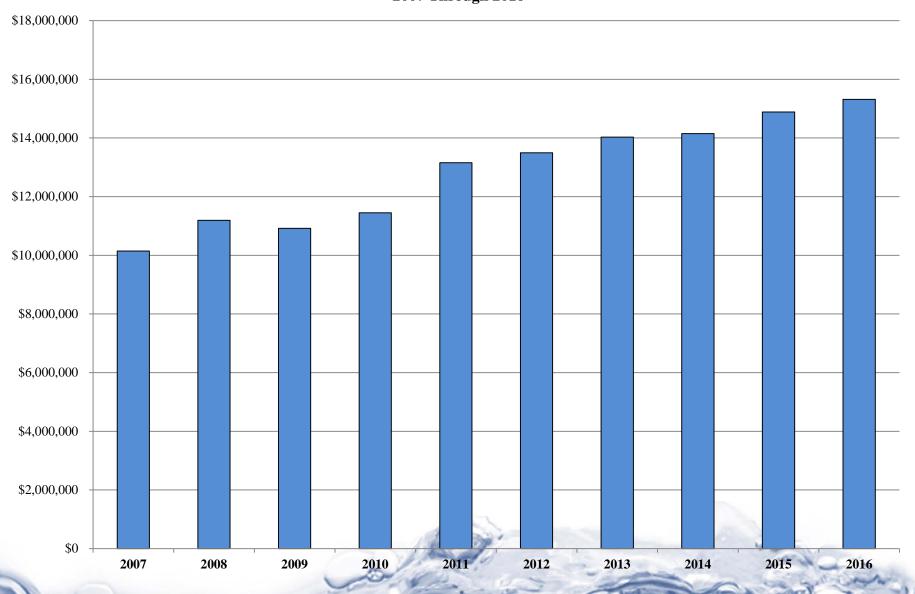

Replacement Cost Depreciation

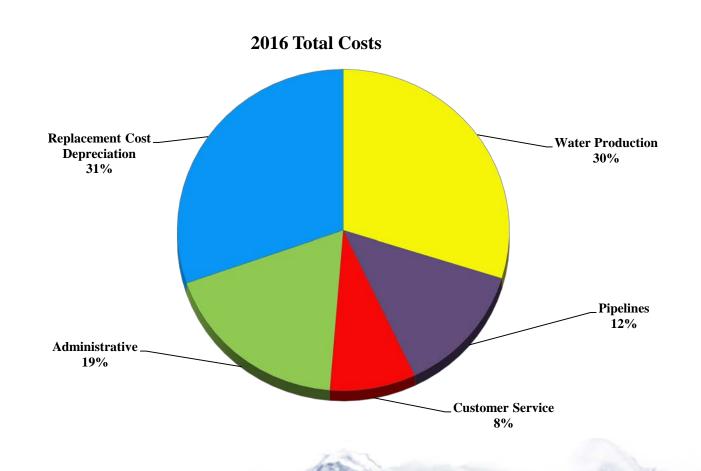

- Replacement Cost Depreciation increased 2.9% to \$15.3 million
- RCD is 31% of total costs
- For DM Inside City, RCD is 34% of the total cost per 1,000 gallons
- For Wholesale, RCD is 25% of the total cost per 1,000 gallons

Replacement Cost Depreciation 2007 Through 2016

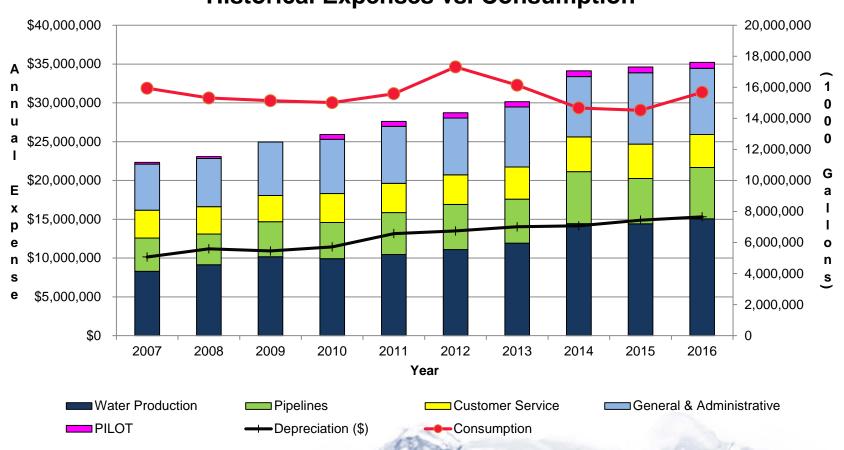

Total Costs

Total Costs

Historical Expenses vs. Consumption

COSTS PER 1,000 GALLONS Base-Extra Capacity Method

Proposed 2017 Rate Increases

- Rates implemented April 1, 2017 are generally in line with projected 2017 costs per 1,000 gallons
- Projecting forward we expect continued increases in O & M costs

Proposed 2017 Rate Increases

- Rate recommendation discussed with F&A
 Committee in Sept: 7% for most service areas
- Board will act on recommendations in October

Next Steps

- Cost of Service Review
 - Engaged Raftelis Financial Consultants to review our current study and methodology
 - RFC has completed an initial review
 - Staff is working with RFC to determine next steps
