

SUMMER POLICIES 2020

1. Camps must be paid in full to guarantee your spot in a camp. We are keeping camps low in attendance so they will fill quickly!
2. No bare feet for dancers – Jazz or Ballet shoes or socks. Shoes will be removed when they come into the studio and placed in our waiting room.
3. All dancers will need a face mask on when entering / exiting the building and using the restroom. They will not wear them while dancing.
4. Students can bring a water bottle into the studio but must have their name written on the bottle.
5. One parent per dancer is allowed into the studio during their class – standing room only. Parent will need to be in a mask for the entire time, have their temperature checked at the door and remove shoes when coming into the waiting room. You also have the option to drop off your dancer at the curb in front of the building and pick up your dancer at the curb once class is over.
6. Any dancer that has a break in their schedule will need to leave the studio and wait in their car for their next class.
7. Only purses or small dance bags allowed in the studio. No extra items of clothing. Come dressed and ready as our dressing rooms are closed off. Bags will be kept with your shoes in our waiting room in an assigned spot.
8. No food brought into the studio.
9. The only items that are allowed to come into the dance rooms are water bottles and face masks.
10. Masks – All teachers will be wearing a mask. All student's over the age of 2 will be required to wear a mask when entering the building, changing dance rooms, going to the bathroom and exiting the building. They will not wear them while dancing unless the parent or child feels more comfortable with them wearing one. If a dancer does wear a mask while dancing, they will not be permitted to dance full out and only walk through their dances as it's hard to breath when doing physical activity. Dancer's can either tie yarn or ribbon and hang masks around neck or wrap mask around wrist or wrap around their water bottle when dancing.
11. Students, staff and parents will have their temperature checked upon entry into the building with our new no touch thermal thermometer. If anyone has a reading of 100.4 or higher, they will be asked to leave. We will give everyone hand sanitizer upon entry into class and when leaving.
12. If student or staff are feeling ill or have had a fever in the last 48 hours of 100.4 (recommended number by hospitals) or higher, they must stay home. Student or staff with fever must be fever free for at least 48 hours. If you have traveled outside of the United States, been on a cruise or have been in contact with someone who has tested positive for Covid 19 you will not be able to return to the studio for 2 weeks. We need to keep everyone safe, please do not give your dancer a fever reducer and send them in. We are taking this very seriously and if we see your child looking ill throughout the night, we will retake their temperature.
13. For families who would like to participate in summer classes but are not ready to come into the studio yet we have our virtual option! You will pick up your craft box prior to the camp and then we will email you the zoom link and password.
