# SAFE 'N SOUND<sup>®</sup>

DURABLE | SOLID | ECO-FRIENDLY

Bring tranquility to your home with durable,

solid core interior doors from Masonite.

Engineered to be environmentally friendly,

Safe 'n Sound Doors offer true peace of mind.

**SURVEY SAYS...**

When given a choice between Safe 'N Sound<sup>®</sup> or hollow core doors,

**100% OF CUSTOMERS PREFER SAFE 'N SOUND.\***

Ask your representative how to upgrade to a Safe 'N Sound door.

\*Qualitative research conducted in 2013.

- **5-year** warranty
- Safe 'N Sound<sup>®</sup> doors **quiet a home** more than hollow core doors
- Offers the **durability, heft & feel of real wood**
- Solid core doors **add more resale value to a home** than standard hollow core doors
- 20-minute fire rated options with 1-3/4" thickness
- **Green at Heart:** the core of our Safe 'N Sound door is engineered from wheat straw, an annually renewable resource

\*Thinner outer style will not affect functionality. Double doors and bifolds are not recommended. Due to manufacturing processes, a 1/8" tolerance is acceptable on horizontal lines.  
 Note: 48", 60" & 72" bifolds are achieved by doubled 24", 30" & 36" bifolds.

Molded Panel Series & Masonite Select™ Collection Notes: Please note that some sizes are only available as a result of being trimmed from a larger facing. The trimming process may result in a stile width that is too narrow to accommodate a standard bore. To machine a standard bore with a 2-3/8" backset on the lock hole and a 2-1/8" diameter bore, the outer stile measurements must be no less than 3-7/16" wide. Many facings have a lockrail that will accommodate a standard bore even when the stile width is too narrow. Please refer to Masonite Molded Door Facing Dimensional Specifications to verify the outer stile measurements or contact your Masonite Interior Door servicing plant. Textured refers to embossed wood-grain. Pre-finished white is available textured only. Not all molded panel designs and sizes are available in all regions as stock products. Please check for special order availability. \*Molded Panel actually measures 1'-13/16".

## EL & EL Wood Products

*Millwork that creates distinction.™*

### ELandELWoodProducts.com

EL & EL Wood Products, one of the largest distributors of moulding and millwork in California, Nevada, and Arizona has partnered with Masonite, a world-class supplier of interior and exterior doors. This partnership will further both companies' commitment to superior product quality and customer service. As your local Masonite distributor, they offer a powerful inventory position, as well as shorter lead times to all their customers. With a comprehensive selection of Masonite doors and components for virtually any and every application, EL & EL Wood Products specializes in helping you meet all your customers' needs.
