

Release and Consent

I understand that Placeone is a “drug free” agency, and consistent with this policy I am hereby granting consent, freely and voluntarily to provide blood, breath, hair, saliva, and/or urine samples in accordance with Placeone policy, and in accordance with State law. **I further understand that failure or refusal to comply in all respects with the agencies’ policies and guidelines shall be grounds to deny or terminate employment, or for other lawful consequences at Placeone’s sole discretion.** Additionally, I consent to and authorize the release of all information generated by or obtained from my participation in the substance testing program to Placeone, Inc. or its agents, representatives, insurers and appropriate governmental agencies including but not exclusive of Employment Security, and Labor & Industries. I release and hold harmless, individually and collectively, each person or business entity involved in the sample request, collection, testing, evaluation, reporting and for any decisions, adverse or otherwise, made concerning my employment eligibility or continuance. Signature of this application shall enforce these conditions set forth herein.

Quality Assisted Living Services

Placeone provides quality-staffing services for our clients, to promote independence in all aspects of their lives. Since 1995, our agency has served the developmentally disabled in the greater Thurston County region. Our dedication to serving our clients from a respectful approach, and affording them every opportunity to be contributing individuals to their community, has served as the foundation for our expansion and growth. Our team members’ focus is always to assist our clients in developing meaningful relationships and activities within their immediate community. These primary philosophies will continue to be the corner stone of all the services we provide. Our clientele remain the nucleus of all our services, the center for all our decision-making.

“We respectfully provide any living supports to the differently-abled, to foster greater independence, as defined by the client and societal norms”
