Location – Springwater Rod & Gun Club, 8355 Hudson Rd, Wayland

**Cost – ZERO DOLLARS**

If you have a child, or children, between 12 and 18 years old, that have an interest in shooting sports, the Springwater Rod & Gun club is sponsoring a youth shoot. All ammunition and rifles are provided, with instruction and guidance by certified instructors, and range safety officers.

If your child has a .22 caliber rifle, in good working order, that they wish to bring with them, that is allowed, but is not necessary. **We will have rifles on site that the children can use, if they do not have one.** We will also provide hearing and eye safety protection devices for all attendees.

Each child will be paired with a range officer to insure safety, and provide any instruction that the child may need, including safe firearm handling, loading and unloading the firearm, and aiming.

This is a fantastic opportunity to introduce target shooting to a young person, in a safe and controlled environment. **We do however require that an adult guardian is on site with their child(ren) for this event.**

If you have any questions about this event feel free to contact Steve @ 585-749-4127 between 8am and 7pm, if he is unable to answer please leave a message
