It is the intent of the Board to study federal legislation, selecting those parts of the legislation which will help the Board to provide educational, therapeutic, and residential programs in a safe environment to promote learning and growth for students.

The Board authorizes the Administrative Director to execute and file applications for and in behalf of NWBOCES and to act as its authorized representative in matters concerning federally funded programs.

All proposals for federal aid and special grants must be submitted to the Board for approval prior to final submission to the federal agency.
