

## Brandt Building Services

At Brandt cleaning is our business. It's what we do (and we do a lot of it) and We're really good at it. So why spend the time you could use honing your own skills doing something as mundane as cleaning? Let us give you the freedom to pursue your dreams.

Hiring a professional cleaning service is actually an incredibly economical idea. We're able to get done twice as much cleaning in half the time, which means it would take you four times as long to clean as it takes us! With our competitive rates, we're saving you time and money!

## Process

**Assessment:** It all starts with us taking a look at what needs to be done – and usually it's not as bad as you think.

**The Action Plan:** We'll let you know how long it's going to take and what it's going to require.

**The Clean:** The moment we've all been waiting for, where we get rid of all of the muck and junk and give you your place back! We only use the safest chemicals, so there's very little

*Do you remember how exciting it was to move into your office when it was new, fresh, and clean? Let's see if we can help you reinvigorate that feeling. A clean office is a happy one and a clean office is a productive one. By enlisting our services, you're not only getting a new lease on your place, but you're also removing potentially dangerous or allergy-inducing elements.*
