**Did you know? ...** On 28 September 2018, a 7.5 magnitude earthquake and tsunami struck Central Sulawesi Province, Indonesia affecting around two million people across 85 districts. Over 220,000 people were displaced and having to live in evacuation centres or informal camps, with many more staying with relatives or friends. With your support CAFOD has been able to support people with vital humanitarian aid as well as providing technical training on 'Building Back Safer' techniques to ensure people are able to build homes that can withstand future disasters. We have been able to help more than 500 families move into their new, safer homes. Thank you
