

One Step at a Time

We are on this path together,
Mentor and Mentee
Our Healing Journey started when we awoke to our
Passion and Divine Inspiration.

We followed our unseen Spiritual Guide,
Taking one step at a time.
The mentor is the one who started earlier,
To be further down this path,
Taking one step at a time.

We will be the Way Showers to all those who follow.
The Journey may be dark or hidden,
The Path may be rocky and unknown,
But our light is sufficient for the next step,
Taking one step at a time.

Now we honor our Certifying Pin,
The symbol of our dedication to the work,
The badge of our calling.
The Mentor and Mentee together,
Each spreading the Healing Light along their path,
In their community,
Taking One Step at a Time.
