## About Me

Mrs. Nyberg likes gardening, cooking, the arts, writing, and every kind of pet she can manage. She loves Bible study, prayer, and curling up with a good book and a sleepy cat. When she is not teaching, she can be found with her husband, five adult children, and four grandchildren.

Her favorite colors are the natural colors of flowers: greens, blues, purples, pinks. Her favorite foods are salads and pizza, and her favorite drinks are fruit teas and lattes.

She was born and raised in California, moving to North Dakota with her husband to give their children a better life. Although she misses the mountains and the ocean, North Dakota has been her beloved home for 25 years. Mrs Nyberg loves to read with children and teach them to write, draw, paint and sculpt with clay.
