Sewer Rates

Don't forget that your new sewer rates are reflected on your March 10, 2020 utility bill. These rates are based on your average household water usage from December, January and February. If you have a questions or concerns please don't hesitate to give us a call at 620-237-4291 or swing by Moran City Hall.

City Wide Clean Up

May 19th: Clean Up Day

May 15th- 26th: the dumpster will be located at the Moran City Park

Curb Side Service will be May 19th

Please separate wood and metal items and place near the roadway for easy access. Break or cut wood, branches, and brush items into 4' lengths and bundle together near the roadway.

Alternative Location: For your convenience, a roll-off dumpster will be located at the City Park from May 15th through May 29th should you wish to dispose of items immediately.

The following items will be collected:

Boxes	Scrap Metal
Furniture	Carpeting
Logs, branches, tree trimmings	

These items will not be collected:

Tires	Batteries
Motor Oil	Dead Animals
Household hazardous materials	
Appliances with Freon	

Items must be placed at the curb by 8:00 AM on clean-up day. For more information, contact City Hall at 237-4271.

Burn Permits

The City of Moran regulates open burns within the City Limits through a permit process. Residents may apply for a free burn permit Monday through Friday between 8:00 AM to 4:30 PM at Moran city Hall. Application will be approved by a member of the Moran Fire Department. This is a simple process and helps us ensure the safety of our residents.

Please take note that residents who fail to follow the burn permit process will be subject to the following fines as well as court costs: 1st offense \$25.00, 2nd offense \$50.00, 3rd offense \$75.00

Let your inner crafter out...

Designer Clay Pots Class —\$3.00

Thursday, March 26, 2020 at 6:30pm at the Moran Public Library.

For more information or to registered for this fun event please contact the Moran Public Library at 620-237-4334.

Help us keep our storm drains free from debris

Fallen leaves and grass clippings can plug storm drains, flooding our roads and harming our creeks. When grass clippings and too many decomposing leaves are put in our streams, unnaturally high levels of nutrients can harm aquatic wildlife.

What You Can Do

- *Keep all fallen leaves and grass clippings on your property; off of the sidewalks and out of the streets.
- *Set your lawn mower to mulch and mow high. Taller grass retains moisture and catches grass clippings. Mow often enough that grass clippings are shorter than the remaining lawn and can be trapped on your lawn.
- *Use a rake to help you reach the leaves without entering the street. Residents are not expected to work in the road to remove leaves.
- *Compost leaves on site away from storm drains, wetlands and streams. Contain your compost to keep nutrient-rich water from leaching into the storm system.

STORM Shelter & SIREN Policy

Moran's warning sirens are audibly tested each day at noon, weather permitting. On Tuesdays at noon Allen County 911 tests the sirens for 30 seconds to ensure the warning system is working correctly. Moran has two above ground storm shelters;

one is located behind City Hall with the second located at the City Park. On occasion, technicians may test individual sirens at random times. Tests are typically one minute in length. In the event a tornado warning is declared for Allen County sirens are sounded for three continuous minutes with a 10 second pause between each alert. Additionally, the Moran Fire Department may use the sirens to alert volunteer firemen when fire calls are received.

Sirens are sounded as follows

- **DAILY**—all sirens sounded for 10 seconds at noon Monday through Friday
- **TORNADO**—sirens sound continually for 3 minutes with a 10 second pause between sirens.
- **CITY FIRE**—sirens sound once for 10 seconds
- **RURAL FIRE**—sirens sound twice for 10 seconds each

Sever Weather Siren Site Locations

- 1st & Cedar; located near the United Methodist Church
- Randolph & Cedar; located at Troxel Park
- Walnut & Cedar; located on the USD 256 Campus
- High & Franklin; located on the Moran Water Tower
