On behalf of the Hispanic Law Enforcement Society of Essex County, we would like to express our personal appreciation and thank each and every one for his or her continued support pertaining to the emergency need for the families affected by Hurricane Maria in Puerto Rico. Because of your generosity, volunteered effort and donations, we are able to further our mission in bettering the lives of families during this time of need.

On Wednesday, October 18, 2017, Mayor Ras Barack, Director Anthony Ambrose, Chief Darnell Henry, Council Members Luis Quintana, Anibal Ramos, Jr., Carlos Gonzalez, State Senator Teresa Ruiz, Deputy Mayor Jacqueline Quiles, and the Hispanic Law Enforcement Society in partnership with United Airlines will support humanitarian relief efforts by donating 20,000 pounds of needed aid to the victims of Hurricane Maria in Puerto Rico.

Members of the Hispanic Law Enforcement will be traveling to San Juan, Puerto Rico to personally hand deliver the donated supplies and distribute them. Some of the supplies will be shared with law enforcement officers who have been away from their own families while helping the thousands of Puerto Rican citizens in need.

We are grateful for your generosity, your trust, and most importantly, your commitment to our mission. Again, On behalf of the Hispanic Law Enforcement Society of Essex County, thank you for your support!

Trustees

Jose B. Torres

Luis Osorio

Steven Perez

Respectfully,

George Torres
President
