CSO Notes: This document was provided by IFC in response to CSO concerns about the lack of consultation and violation of FIP Guidelines for Consultations to be carried out in accordance with subparagraph 16(d) of FIP Design Document which necessitates an 8 part consultation process with potentially affected communities, full documentation of consultation and documentation of a "consensus reflecting broad community support for the investment strategy, program or project" which "should emerge from the the consultations before the strategy, program or project moves forward." "The strategy, program or project should poppreceed without acquiring broad community support as set forth in these FIP guidelines."The events below are not consultations with civil society but include 13 MDB meetings with government agencies, 7 with donor agencies, 30, 2013 3 private sector meetings, 3 meetings with World Bank partner WWF, 2 with TNC, 2 meetings with unnamed CSOs in Lao PDR &

Indonesia,

INFORMATION SHARING AND OUTREACH EVENTS CONVENED SINCE THE ENDORSEMENT OF

THE INDONESIA FIP INVESTMENT PLAN IN NOVEMBER 2012¹

and an "informal lunch" to which CSOs were invited but few attended. This document is not an appropriate response to CSO consultation concerns. Submission by the Asian Development Bank and the World Bank Group The events described in this document further underscore the lack of meaningful (free, prior, informed) consultation throughout the FIP

CSO remarks in column	Date	Description	process.
below:	November 3, 2012	IFC FIP team met with WWF Indonesia Forestry staff to review survey	
Meet with WWF to discuss IFC		report on forestry SMEs in Aceh province. Report was commissioned by IFC to identify suitable forestry enterprises involved in community forestry	
report.		concession (HTR) development.	
	November 20,	IFC FIP team visited plantation company at West Kalimantan to assess	10
Private Sector	2012	opportunities to collaborate on community forestry enterprise activities	
		related to outgrower based wood production and use of plantation wood for	
		development of small scale charcoal production for commercial use.	
Government	November 21-22,	ADB FIP team discuss with the Ministry of Forestry regarding next steps for	
(GOI)	2012	processing the ADB project. Discussions were also held with the WWF staff	
		to know current developments on REDD+ in Kalimantan. Discussion also	
		focused on the need for the National Forest Council (DKN) to conduct	
Donor/Bilateral	N 1 00	further stakeholder consultations based on guidance from FIP subcommittee. ADB FIP team discussed opportunities for collaboration with Japan	l e
	November 23,	International Cooperation Agency (JICA) in design and implementation of	
	2012	FIP project in West Kalimantan. Both technical and co-financing	
		possibilities were discussed.	
GOI	December 13 &	A World Bank task team visited the Yogyakarta KPH and two KPHs in	
	26-27, 2012	Lampung to meet with local government representatives and stakeholders in	
	20-27, 2012	the KPH (private sector, community representatives). Objective of the field	
		missions was to gather information about several aspects of KPHs relevant to	
		project design, consultations and preparation.	
Donor/Bilateral	January 15, 2013	World Bank met with French Development Agency (AFD) representatives in	
		Jakarta to learn about their past experience working with KPHs and also to	
		explain objectives of FIP investments. Explored possibility of cooperation	
		and synergy, particularly in AFD-supported KPHs in Lampung province.	
Donor/Bilateral	January 28, 2013	ADB FIP team discussed cooperation with representatives of GIZ in design	
		and implementation FIP project in West Kalimantan. Progress in FMU	J

¹ This list includes only events initiated by the three Multilateral Development Banks (MDBs) – the World Bank, the International Finance Corporation (IFC), and the Asian Development Bank (ADB) – who are in their early stages of developing projects with the Government of Indonesia under the FIP. The list is not exhaustive; the Government has conducted a large number of their own consultation and outreach events related to the Forest Management Unit (KPH) agenda and the FIP. The above events also do not represent the entirety of consultations and outreach for the FIP in Indonesia. Additional consultation processes will be conducted at the national and regional levels to inform the design of each of the individual MDB-supported projects. These formal preparation processes are scheduled to commence before the end of 2013.
