Re: "The Science of Laughter" Discovery Channel Documenta

July 12th, 2001

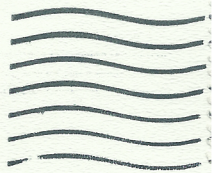

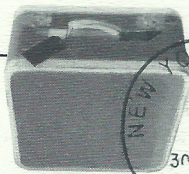

Hi Barbara,

Thank you ever so much for your help with this documentary. We are very excited by prospect of shooting Dr. Michael Miller. Attached please find the permission release to us permission to shoot at the hospital. Please make sure to have this signed and faxed me. Then I'll get the original when I see you in Baltimore. Also, let me know about se room to conduct interviews for the shoot. I'm keeping my fingers crossed that you w locate a really great patient with heart disease that will be at the hospital on Monday. and thanks again for all your help!

Regards

Ilse Fernandez

The Laugh Factor is a one-hour special that takes a highly entertaining look at the science of laughter. Join our panel of psychologists, neuroscientists, doctors and other special guests to find out if humor can be used to make us healthier. The Laugh Factor puts the funny bone firmly under the microscope, with hilarious results.
