## Meet Our Care Managers

Mary Douglas, PA-C

Mary received her master's degree in physician assistant studies from Wayne State University in 2002. Since then she has worked with men and women of all ages with various acute and chronic medical conditions. Her goal is to help patients understand their health issues and to assist them in becoming an active part of their health care team.

Kate Mock, MS, RD

Kate received her bachelor's in medical dietetics from Ohio State University and her master's in hospital administration from Central Michigan University. She has practiced for over 15 years in various settings including large academic hospitals as well as, rural hospitals, and long-term care facilities. Kate has a passion for nutrition and "freeing" people from the many rules and forbidden foods that they have been taught to limit or avoid. Kate enjoys working at Grand Traverse Internal and Family Medicine where she can help individuals and families with their health and nutrition goals.

## **Jane Rolf, RN, MSN, ACNS-BC**

Jane received her Master's degree from Grand Valley State University and is certified as a Clinical Nurse Specialist in Adult Health. Jane cared for critically ill patients in the Cardiac Care Unit at Munson Medical Center. Jane went on to develop the Breast Health Coordinator position at the Smith Family Breast Health Center and established close ties with her patients over a 13-year period. As a nurse Care manager, Jane enjoys working with patients and their caregiver to answer their questions, assist in care coordination, and ensure communication between the patient and their provider.

## **Charity Manke, MA, LLP**

Charity received her master of Arts in Clinical Psychology from Ball State University, Muncie, Indiana in 2003. Charity helps teens and adults cope with and overcome the emotional and behavioral issues hindering their happiness and confidence. Helping others recognize what their own joyful, balanced life looks like and empowering them, step by step, to achieve it is her passion.
