Hampco has moved to a new office and workshop facility on a prime 11 acre site located on the new Grand Parkway just north of its intersection with Interstate 10 on the west side of Houston. Ideally located for the Energy Corridor and the rapidly expanding energy sector around the city of Katy, we offer a modern, climate-controlled facility.

- An independent facility for your short-term project needs
- Support services and personnel
- Project office space
- Refurbishment
- Rig-up and testing
- Storage and preservation

Hampco provides engineering, custom-designed equipment and field services specializing in rig, drilling and offshore applications
