

THE HOLLEY NAVARRE SENIORS CENTER CRAFTERS ARE BUSY

The Crafters have been busy with many projects. We made over 15 Little Dresses for Africa and over 25 burial wraps for an intensive care neonatal unit. Crafters continue to make blankets and hats for the babies of the unit. Members donate handcrafts to local charities, including Ronald McDonald House, and to the homeless.

We meet every Tuesday from 1-3 pm. with attendance ranging from as few as three members to as many as ten. We are involved in a variety of crafts, such as knitting, crocheting, jewelry making, beading and quilting. We usually bring our own individual crafts to get-togethers. Many members are willing to share their skills by assisting those a little rusty.

Periodically we offer make-n-take classes, especially when an idea is presented and several members are anxious to try something new. We have members to teach jewelry making, quilting, and paper crafting, just to name a few. We have had guest teachers, too.

Many of our crafts are displayed in a special cabinet close to the entrance of the Senior Center. Items are available for purchase during our meetings on Tuesday or we can arrange to meet at other times.

Please call Sherri Stauffer at [706-577-7470](tel:706-577-7470) for additional information or stop by to visit with us on any Tuesday.
