EOG testing is almost over. We've had great attendance for testing with only two make ups so far. I'm very proud of the effort I saw the students put into testing. Our teachers have taught successful test-taking strategies and we observed many students using these strategies. Remember, EOG scores will be sent home on Wednesday, June 18th with the SQA's. EOG score reports will be in a sealed envelope addressed to the students' parents.

I loved the CCS End of Year Celebration last Tuesday at Louisburg College's Norris Theater. Students in grades K – 8 participated. We were treated to performances by the CCS band, chorus and drama. The props groups did a fantastic job on the animal masks. I enjoyed seeing all the students perform. All did a super job! Thank you to the teachers, assistants, and parent volunteers who helped make the night a success. Fortunately, Ms. Susette and Ms. Ayscue secured a grant from United Way allowing our students to have the opportunity to participate in the performing arts programs like last Tuesday night.

5K Midnight Run for Water is tomorrow (Saturday, June 14th). The race will begin at 11:00 pm and end by midnight. All volunteers and participants are asked to be at the Louisburg College Chapel by 10:00. All profit from this race will be

donated to the Global H2O organization to help drill wells for clean drinking water in communities in Uganda. I'm looking forward to seeing the CCS community out for this event. It's a good cause and a great activity for all. Walking in the 5K is encouraged as well.

The CCS 8th Grade Graduation is Tuesday, June 17th at 6:00 pm at St. Paul's Episcopal Church on Church Street, Louisburg. This will be a bitter sweet event for the teachers and me. While we know these students are prepared for successful high school careers, we have grown rather fond of these young people and will miss seeing their bright smiles on a daily basis. We wish them well in their future.

This is the last Bird's Eye View for this school year. Enjoy the summer and stay safe!
