

Ducklings

1 year to 1 ½ years

Our young toddler room is full of stimulating and fun activities! We understand that routines are an essential part of their everyday activities. Knowing what comes next during the day gives them a sense of safety and security. Our program gives the children the sense of structure they need. Toddlers are developing many new skills in their quest for independence-walking, talking and discovering who they are and what they can do! Our teachers focus on building vocabulary, teaching social skills and encourage imagination.
