

COACHING OPPORTUNITY

With

CINDY LUSTER CNWI, CPDT-KA, NADOI

We are so pleased to announce that Cindy Luster will be conducting a 3 session coaching opportunity on Saturday, August 11th at WCOTC's facility in Delmont. For several years Cindy was one of the officials at our ORTs –we are happy to welcome our friend back for this learning experience. There will be three sessions..

“Try It, You’ll Like It!” 8:30-10:30 This is for totally green dogs or puppies with no scent work experience. It is ok if the handler does. This is a chance to see what all the excitement is about. Your dog will be encouraged to work on his own and to hunt. If you have been on our wait-list for a beginner class this is a good place for you. There are 6 working spots available-unlimited audits.

“What Is Odor Obedience and How Do We Get It?” 11:00-1:00 Teams that have been taking classes, maybe trialing. This time slot will focus on building on the dog's desire to hunt, teaching the handler how to tell when the dog is on odor-how to “read” their dog. There are 6 working spots and unlimited audits.

Break for lunch-we will not be providing lunch but you can bring your own and eat in the building. During this time Kathi Filar and Cheryl Shank-AKC Scent Work judges will be available to answer questions about AKC's new Scent Work trials.

“Where Did All the Fun Go?” 2:00-4:30 You have been doing trials, having some success but all of a sudden it is all so serious and stressful! This is the session for you. Learn how to put the “happy” back into trialing while honing your skills. Cindy will have some exercises that will be fun for both you and your dog. We have 8 working spots available and unlimited audits.

I encourage everyone to take advantage of the audits-you get to see “what happens next”, reminds you of basics you may have forgotten and is an opportunity to share your enthusiasm for this sport with like-minded folk.

Working spots-\$50. Audits-\$25 per session. One working spot and 2 audits-\$75 -3 audits \$60

Please only one dog per handler per session.
