Application is hereby made to obtain a permit to do the work and installations as indicated. I hereby certify that no work or installation has commenced prior to the issuance of a permit and that all work will be performed to meet the standards of all laws and codes regulating construction in this jurisdiction. ## TOWN OF JUPITER INLET COLONY BUILDING PERMIT APPLICATION

**I FURTHER ACKNOWLEDGE THE FOLLOWING:**

Issuance of a permit may be subject to conditions and time limitations.

Issuance of a permit is not authorization to violate public or private restrictions.

Failure to comply with applicable construction regulations may result in withholding of future permits.

Submission of any false information or representation is a violation of law and may result in revocation of your permit.

**WARNING TO OWNER:** Your failure to record a Notice of Commencement may result in your paying twice for improvements to your property. If you intend to obtain financing, consult with your lender or attorney before recording your Notice of Commencement.

Current Florida Law does not require a search of the public records to identify easements on your property. To avoid construction on an easement, the County suggests that you ask a surveyor or other competent person to search public records and visually survey your property for easements. You should describe them on your survey.

The Mechanics Lien Law, F.S. Chap. 713, requires the Building Department to verify, at the first inspection, the posting of a Certified copy of the Recorded "Notice of Commencement". If a copy is not posted, the inspection will fail and a **\$50.00 re-inspection fee** will be charged. The only exception extends to work with an aggregate value less than \$2,500.
