- Grade of C or better and instructor approval to go on to the advanced level

Program Description

In this program, students will be able to participate in case studies and business simulations covering the following topics: Entrepreneurship, Human Resources, Quality Management, Financial Analysis, Business Communication, Leadership and Ethics. In addition, students that take this program will learn how to explore, plan, and effectively manage business careers. Technology skills are another important component, and students will become technologically proficient in the areas of advanced Word, Excel and Access.

Special Features

Leadership opportunities available through participation in the Business Professionals of America. This organization allows students the opportunity to showcase their skills and network with other students.

Work-based learning opportunities available.

STATEMENT OF COMPLIANCE

The Downriver Career Technical Consortium complies with all federal laws and regulations of the U.S. Department of Education. It is the policy of the Downriver Career Technical Consortium that no person on the basis of race, color, religion, national origin or ancestry, age, gender, marital status, disability or limited English proficiency shall be discriminated against or excluded from participation in any program or activity to which it is responsible or for which it receives financial assistance from the U.S. Department of Education. Furthermore, the consortium will encourage participation by all of the above.
