

The **BUSY PHYSICIAN'S GUIDE**
to the
RHODE ISLAND MEDICAL SOCIETY

• WHO WE ARE • WHAT WE DO •

The Rhode Island Medical Society is a voluntary association of physicians, PAs, and medical students. The Society advocates for all Rhode Island physicians and supports their efforts to provide the best possible care to their patients. RIMS is the vehicle by which the medical community in Rhode Island meets the evolving challenges of medical practice and quality patient care. The Rhode Island Medical Society represents the interests, values and needs of the medical profession and promotes enlightened public policy in the field of health care.
