

Conference Bundle for New Principals

MAESP and MoASSP are proud to be key contributors to the Missouri Leadership Development System (MLDS). Every new principal in Missouri is required to participate in a two-year mentoring program and the MLDS professional development program fulfills that requirement. The MAESP and MoASSP roles in the new MLDS is to provide two specific and strategic opportunities for new principals. The first opportunity is the statewide **New Principal's Conference** and the second opportunity will be integrated into both the **MAESP Leadership Conference and the MoASSP Spring Conference** held each spring. Therefore, both associations have bundled the cost of both conferences into a single fee at a substantial savings over registering for each conference individually. In addition, participants are encouraged to join MAESP or MoASSP for the 2018-2019 membership year.

New principals and assistant principals should register for both the New Principal Conference in Columbia and **either** the MAESP Leadership Conference, March 2-5, 2019, at the Tan-Tar-A Resort in the Lake of the Ozarks **OR** the MoASSP Spring Conference, March 31 – April 2, 2019 at the Lodge of Four Seasons.

There will be a special professional development session designed specifically for the statewide cohort of new principals during the spring conference. It will provide the opportunity to reconnect with the network of new principals from the New Principals Conference.
