

## **QBC VIRTUAL MEETING March 9, 2021**

### **Next meeting April 13, 2021**

#### **Michelle Stacks (President)-**

Budget was sent and voted on by several. John Nicholas will work Field and maintenance. Mr. Basil Bethea will assume Chaplin role. Had enough voting members on call to vote for new positions. Voting passed and all was in favor of Mr. Bethea being Chaplin and John Nicholas being over Field and Maintenance. Firework info for summer fundraiser has been received from Coach Rhett. We still need to work through hours and people that will need to work it. Players will not sell Fireworks and will only be there to assist. **June 23rd-July 4th.** Schedule for volunteer signups will be sent out.

#### **Coach Rhett Summerford-**

Starting March 23rd-April 26th, Every Tuesday and Thursday players that aren't currently playing another sport will workout after school from 3:45-4:15.

Spring practice will start Monday, April 26th. We will have 20 days of conditioning practice. May 14th Red/Black game which is where Sophomore-Varsity players play. Senior players will be recognized at that game. Kick off will be 6/6:30. May 21st will be Spring game against Washington at West FI Tech. 6/6:30 Kickoff.

We are only in charge of concession on Red/Black game. We'll work out food to sell at game as time approaches. Food trucks are option. Monica Willis will work on getting Food Truck quotes.

Tickets for Red/Black game funds go to Quarterback Booster Club. Not sure as of yet if tickets will be sold through Game Day app. Need to consider doing parking for game as fundraiser cost as well. Football has two totally separate accounts, 1.Internal and 2.Booster Club. Money goes into both differently. Biggest Booster Club sponsor in the past has been Optimist Christmas Tree lot and parking. April 10th Is Golf tournament where proceeds will go into internal account.

Need to brainstorm on new membership package for being a member. Looking for benefit for people to join. We'll reconvene with ideas on next meeting. We have a small budget this year hoping to clear around \$21k but shooting for \$40k.

Asking that next meeting be held in person and for those not able or comfortable attending we will still have the Google Meet available.
