2022 Chapter 3 Membership Directory

Warm greetings to all NADCA Chapter 3 members and supporters. Two weeks ago, Thanksgiving marked the beginning of what I hope will be a joyous and cheerful holiday season for all of you. It is this time of year, as the weather gets colder and the days get shorter, that we draw close to our friends and our families. We get together and reflect on the past year and celebrate the coming of a New Year with hope and ambition. With the contrast of last year still fresh in our minds, the importance of being together cannot be understated.

Our networks, whether social or professional, are vitally important. Therefore, our Chapter is working hard to **reconnect** its members. This effort began with a return to our annual golf event in 2021 and will continue to be our focus through 2022. Our ability to restart and reconnect is **thanks to you**, our members and sponsors. Not only that, because of your continued support and generosity we are on track to invest **\$25,000 in die casting education** by the end of 2021.

As we look forward to reconnecting and working together, one cannot overlook the importance of our directory. To that end, the board is committed to maintaining an **annual publication of high quality**, printed in **full color**. Using volunteer time, graciously donated by board members, we have typically been able to limit costs and maintain our fees. Unfortunately, this year we are forced to announce a pricing increase due to factors outside of our control.

However, you will still find value in the advertising space we offer. This year we expect our directory to be a catalyst for our casting community as it works together responding to high and growing demand for castings. With so many views and such wide distribution, we can get your name in front of your target customers when you **advertise in our 2022 directory**.

Our NADCA Chapter 3 board of directors is always grateful for our advertisers. With your support, we can publish this indispensable networking tool and continue to provide service to the die casting industry. **Attached you will find our updated 2022 fee schedule and registration form** with instructions.

Thank you for your consideration and happy holidays to you and yours!

Jon Burns
