[PRIMARY APPLICANTS] Southlake Montessori’s authentic, AMI-education serves children from 3 to 12 years of age. There are two levels to the program: the Primary Level and the Elementary level. Each level is composed of a 3-year cycle. The final year of the cycle level is an important “crowning” year which allows the student to have the opportunity to be one of the oldest leaders and role models in the classroom community. It also represents the time when the child’s work over the course of the previous years comes together for them in a cohesive fashion. The Primary level prepares students for our Elementary level where exploration, the abstraction of concepts, independence, compassion, collaboration and a general discovery of each student’s own passions, strengths and challenges develops in addition to their individual academic capabilities. Because at Southlake Montessori, we look at our program in this way, and understanding that many factors go into educational decisions, we would like to gauge your likelihood of completing our program:

(“1” indicates “Low Likelihood” and “5” indicates “High Likelihood”)

_____ Likelihood of completing the Primary Level (includes the traditional “Kindergarten” year)

_____ Likelihood of transitioning to the Elementary Level

This application for admission is to be accompanied by a non-refundable application fee of \$100.
