

HBYC Day on the Gulf

When: Sunday February 10th

Where: Off Marker 2

Time: Tide window = 2:00PM to Sunset

Weather permitting we plan to untie and cast off for an afternoon on the Gulf. All boats are invited. We will sail – motor as the winds provide trying to keep together. We can plan the day so we're in the channel and in the basin near Sam's at sunset, that way everyone will have enough dusk to make your dock before dock.

Time to get out there and tune up for Spring on the Gulf.

Captains – please sign up with me at the General Meeting, call or email me. If you can take extras or need crew let me know and I will work to get you set.

Riders & Crew – you need to also sign up at the meeting and we will get you on a boat. You can also call and email to ride/crew.

Also, if enough folks want to go we can invade Sam's for dinner.
