Next Steps

Partnership Concept	Next Steps	Responsible Party / Action Office	Completion Date / Estimated Completion Date
Eglin Energy Resource and Innovation Partnership	Develop partnerships among Eglin and other public or private entities in the areas of research, education, training, and installation support for sustainable energy programs and energy conservation measures. Good dialogue with Doolittle Institute, University of Florida (REEF), the University of Central Florida, and private sector companies.	Dave Robau, Director, Gulf Coast Energy Network (GCEN)	Ongoing
	Assist private entities in matching their potential solutions with Eglin-specific energy requirements, including assisting with preparation of pre-coordination documentation and proposal submittals. Evaluating two opportunities at Eglin. We would like to engage with Hurlburt Field, as well.	Dave Robau, GCEN	Ongoing
	Create and maintain a searchable database of ideas and technologies that can be used by Eglin to find solutions to specific deficiencies. May require AFCEC approval/coordination.	Dave Robau, GCEN	Ongoing
	Organize demonstrations of energy solutions. Working with Eglin on two projects with Siemens and General Motors/University of Central Florida.	Dave Robau, GCEN	Ongoing
	Organized and executed a successful industry workshop on energy and microgrids (03 Jun). Planning two other workshops scheduled for August and October.	Dave Robau, GCEN	03 Jun – Energy & Microgrids Workshop Ongoing
